WEIGHT IN INDEPENDENT REPORT	22.80 g
INDEPENDENT REPORT REFERENCE	JS Appraisal / Jewellery Solution - JS00268175
INDEPENDENT REPORT DATE	July 22, 2026
CVS+ REVISION DATE	October 23, 2026 - Revision 01

REVISION STATEMENT

Reissued October 2026 - catalogue reference updated from CVS-004 to CVS-005.

The current catalogue reference identifies this CORE K9 commission. The original concept explored white gold; the finished pendant is yellow gold. The earlier film is preserved as an archival record, with its original working paperwork visible.

This certificate records CVS+ catalogue identity and design history. It is not an independent appraisal, grading report, metal assay or valuation. Reported fineness and weight are attributed to the original JS appraisal; that report keeps its own reference and remains unchanged.
